Hi Bill,

Please be advised of the following information and/or documentation that is required prior to the United Assignment(s) taking effect:

- In order for an employee to be removed from the United roster they require a Notification of Employment Action Form (or LIDAS). In the area on the LIDAS referred to as "Reason for Employment Action", please indicate the new company the employee will be working for and that it is due to an assignment. Submit separate packets for each Northeast company.
- Please submit (electronically) the vehicles (bus numbers only) that will be listed under each respective Northeast Company. This will allow us to quickly switch the vehicles in the "Vehicle System" to the appropriate company.
- Immediately obtain the summer left/right turn sheets from the respective United companies; and notify me once this is complete.
- Immediately obtain the summer "Emergency" contact cards from the respective United companies; and notify me once this is complete. Please provide each driver with "blank" emergency contact cards for obtaining updated information where necessary.
- Please be advised that the name changes on the buses needs to be in place for July 18th.

Thank you

Please provide the following items immediately:

Everett,

I just left you a message, stating the same below.

Please be advised of the following:

The LIDAS forms will be delivered tomorrow morning around 9:00 am (I hope it's all of them including the ones that are working-We will wait until the 15th COB to transfer those employees)

Northeast is already in possession of the Left / Right sheets and the Emergency Contact cards for the routes that have started already. There are several routes that have yet to start. When they commence, I will immediately obtain their Emerg Contact Cards (this information needs to be obtained prior to the start)

I understand my office has also forwarded the bus list for the vehicles operating this summer. (there are vehicles on the list that are being leased from other companies should they be transferred as well?)

I have also obtained all run documentation to the same extent.

I have advised my staff to start the relettering of the vehicles in the manner and extent we discussed yesterday. (Let me know when the non-summer vehicles have been lettered)

Guaranty bond: I assume you reference the Escort Bond. I will get this renewed. It is not normally requested to be delivered until August (Yes, it is the Escort Bond- I need this immediately)

I also assume the amount would represent the amount of the bond letters provided to United. (Yes)

I have contacted my broker to obtain this already

Please advise if you have further questions

I am in Florida but can perform much remotely

Thank you

Bill
